Rapid 45-2 device installation trunking
Just right for you!

One system, many options: The new Rapid 45-2 device installation trunking for the installation of devices of the OBO Modul 45 and Modul 45connect series.

A clear profile.
Rapid 45-2 plastic

Aesthetic and functional. The Rapid 45-2 plastic device installation trunking is a classic office item. With its new design, it shows a clear character and a high level of functionality.
Attractive design. Rapid 45-2 aluminium

Surface quality plus a balanced shape - now that’s stylish. Technical precision supplements the attractive appearance of the aluminium device installation trunking.
A clear shape meets technical efficiency.

The new Rapid 45 generation unites a symmetrical design, homogeneous colour quality and technical flexibility in a single system. Innovative fittings allow practical wall installation in administration buildings, commercial areas and in industry. In three dimensions, the Rapid 45-2 device installation trunking offers a wide range of applications.
Device installation

Switches, sockets and data technology elements of the OBO Modul 45 and Modul 45connect series can simply be clicked into the trunking profile. A compact system, which can be mounted quickly and expanded easily.
Discover the variety of our Rapid 45-2 device installation trunking.
Install more intelligently.

The principle of Modul 45

The perfect supplement to Rapid 45-2: Devices of the OBO Modul 45 series made by us. Switches, sockets and data technology and multimedia elements are simply snapped into the system environment by hand – and the practical installation is already complete. Compared with standard installation types, the cost of installation, expansion and replacement of devices is considerably lower. No additional components, such as accessory mounting boxes, adapters or cover frames, are required.

One system, many options.

With its standardised installation dimension and a wide range of components, Modul 45 can offer the right solution for any system environment. The devices range fulfils countless international requirements and national standards.
Mounting with a single click.

The principle of Modul 45connect

Modul 45connect stands out through its innovative socket and adapter components and offers numerous application options. The connection adapter, with which sockets can be arranged easily, creates a high level of flexibility. Thus, it is possible to create multi-socket combinations without the need for additional wiring. Combinations with a maximum of two connection adapters are tested and VDE-approved. 4x to 9x socket combinations can be created easily.
A clear profile. Rapid 45-2 plastic.

The classic device installation trunking for the office. Discover the versatility of Rapid 45-2.

Range of variants

In the plastic variant, Rapid 45-2 is able to shine in both its light grey and pure white versions. Four trunking widths are available.

- RAL 9010 pure white
- RAL 7035 light grey

Available dimensions (trunking height x trunking width)

- 53 x 100 mm, one-compartment
- 53 x 130 mm, two-compartment
- 53 x 165 mm, two-compartment
- 53 x 160 mm, three-compartment
Quick mounting

Intelligent mounting details, such as joint connectors and covers, allow rapid installation.

Fittings

A compact selection of fittings, such as internal and external corners, flat angles and T pieces, ensure tidy mounting. The hood fittings fit both the plastic system and the aluminium system.
Innovation in detail

Rapid 45-2 combines straightforward design and the highest quality with perfect handling in termination and processing. Accessory parts, such as end pieces or variable fittings, fit both the plastic and also the aluminium trunking.

1. Symmetrical product design
Rapid, simple installation, reliable function and contemporary design. These are the hallmarks of the new Rapid 45-2 generation.

2. Additional dimensions
The Rapid 45-2 device installation system also shows its versatility in its dimensions. The additional width of 130 mm supplements the existing 100 mm and 165 mm dimensions.

3. Innovative fittings
Innovative fittings extend the Rapid 45-2 system. The new T piece top hoods can be installed quickly. They are suitable for supply with the WDK trunking 40060 or the Rapid 45-2 device installation trunking.
4. Toolless mounting
Ideal partners for the Rapid 45-2: Devices of the OBO Modul 45-2 and Modul 45connect series. The front-locking devices are simply clicked into the 45 mm system opening. There is no need to strip cables or mount cable connections and strain reliefs.

5. One system
Rapid 45-2 plastic and Rapid 45-2 aluminium have the same dimensions. The consistent standardisation simplifies the combination of individual system parts.

6. Variety
Switches, sockets, data technology and multimedia elements: Devices of the Modul 45 and Modul 45connect series allow the creation of functional yet aesthetic solutions for every system environment.
